G. Buhl, H. Kalbach, A. Knecht

June 30, 1964, marks the retirement of three BNL employees, George F. Buhl, Hans J. Kalbach, and August Knecht.

Mr. Buhl, employed since June 20, 1949, is with the Plant Maintenance Division. A Cosmotron employee, Mr. Kalbach began work on September 10, 1947. Mr. Knecht, of the Central Shops Division, became a Lab employee on January 5, 1948.

On behalf of all BNL employees, we wish them happy retirement years.

BERA FILM SERIES

Ingmar Bergman's

PORT OF CALL

Thurs., June 25 — Lecture Hall — 8:30 p.m.

"Port of Call" was Ingmar Bergman's second film for Svensk Filmindustri, and is usually considered his first important achievement as director and screen writer. It is filmed in a straightforward realistic manner, almost entirely shot in the harbor area of Gothenburg.

A merchant seaman falls in love with a young girl who is implicated in an unsuccessful abortion case and is on police probation. The two make plans to escape, but decide their only salvation is to face squarely their problems at home.

Among Bergman's earlier films — far removed from his later work — "Port of Call" is considered an outstanding example of its director's mastery of a style and understanding of a milieu.

"... a formidably convincing study of young tribulation, illuminated by quite brilliant and true glimpses of human behaviour and suffused with hatred for elderly egoism and with wry affection for the predicaments of the young." —MANCHESTER GUARDIAN

AROUND THE BASE PADS

by: Bob Carciello

The pennant races in the National and Laboratory Leagues are definitely tightening up. Ken Kanige connected for a home run as he and the Upton Downers downed the Bubble Boys, 14-9. The Old Timers out-slugged Pappy's Poopers 22-21 to give them their fifth victory over two losses. By winning their contest, the Upton Downers moved into a second-place tie with the Old Timers. Both teams are bringing pressure to bear on the League-leading Poopers. The Chamber Chaps posted their second victory of the year by taking the Phoubars 12-4. The win catapulted them right out of the cellar and into fourth place.

The Laboratory League's Odd Balls handed Kludge their first setback of the season, 13-2. Kludge posted their eighth victory by smashing the Bankers, 11-2. The Potsareebies remained in second place as they handed the Mets their seventh loss. This pennant race is tightening up due to the loss Kludge suffered last week. They stand 8-1, the Pots 6-2, and the Odd Balls 4-3. Anything can happen now as these three teams will be meeting each other quite frequently in the next few weeks.

In the Brookhaven League, the Blue Jays continued the pace by edging Metallurgy 23-22. Two other thrillers took place last week with Medical over Cosmotron, 8-7, and Dirty Sox over Electronics, 13-12.

NOTICE

Persons wishing to take the Laboratory vehicle to the 4:14 train from Yaphank to New York City are requested to advise the Public Information Office (Ext. 2131) before 3:30 p.m. The Laboratory vehicle **must** leave promptly at 3:55 p.m. in order to be at the train on time.

1964 BNL FISHING CONTEST

The 1964 BNL Fishing Contest is underway and all indications point to a banner year. The winners for April and May are Eugene Bedarf, with a 3 lb., 8 oz. flounder for the largest fish, and James Gallagher, who took the average fish award with a 1 lb., 10 oz. flounder. The awards will be made by the contest chairman sometime in the near future.

June entries thus far are impressive. For instance, last week Jose Ferrer, trolling off-shore about a mile west of Moriches Inlet aboard Andy Lovito's skiff, "Sundowner," found himself slugging it out with a striper of 36½ lbs. The contest was complicated by the fact that Jose was using a weakfish rod, and it was touch-and-go until the fish was aboard. Incidentally, the lure was a Smiling Bill Bucktail and Porkrind. The committee was so impressed that we decided to print the picture of Jose and catch that you see above.

Remember that within a short drive from any village on the Island, you can enjoy a day or weekend of excellent fishing sport, and you will be fishing in waters that have produced record breakers in their class. But it's not even necessary to catch a record breaker to win a prize in the BNL contest - any weight fish is eligible for entry, and our average fish award makes any participant a potential prize winner. Entry blanks and information are available at the Recreation Office, 3 Center Street. Get some and stow them in your tackle-box.
